- Adhesive Sheets – 2 ½" x 6" (2 pieces)
- Real Red – 2 ½" x 11 and 2 ½" x 4"

Instructions:

- Peel off one side of the adhesive sheet "backing" and stick to Shimmery White. Do this for both pieces. DO NOT peel off the other "backing"
- Cut snowflakes from each Shimmery White Piece. Make sure to use Precision Plate and to have the "backing" side down

- Adhere the (2) pieces of Real Red together to make one long strip

- Cut scalloped border using die. Cut, then move down and cut again. Repeat until you have whole strip cut

- Peel off protective backing from snowflake pieces and adhere to real red strip as shown

- Adhere this to the 3" x 12" piece of DSP. Then trim red edge even with DSP

- Apply Fast Fuse to each of the "short" edges and wrap around candle.
- Tie ribbon around into a bow
- Stamp "words" on scrap of Shimmery White and cut out with oval framelit
- Cut a scalloped oval from Silver Foil and adhere together—attach to candle as shown
